Dear Families,

We wanted to thank so many of you for coming to Multicultural Night and allowing your student to teach others how to play and use their *Games around the World*. It was so much fun to see so many of our student's families running some of the booths. The food was delicious and the dress attire was beautiful! We hope you had fun.

Your child can go to the Khan Academy if they need more help with fractions. Just click on the following link:

<https://www.khanacademy.org/math/cc-fourth-grade-math/cc-4th-fractions-topic>

There will be no newsletter next week due to the shortened week. We hope you and your families have a wonderful Thanksgiving. We are thankful for all of our great students and appreciate all their hard work.

Have a great weekend!

Mrs. Ingle and Miss Hwang

## **Learning Targets & Activities for the Week**

- **The 7 Habits:** Habit #7: Sharpen the Saw: Balance feels best.
- **Reading:** Students are reading AR books of their choice; as well as, tracking their monthly AR progress. Nov. 30 is the deadline for 1<sup>st</sup> trimester AR reading. Your student will need to read and pass with 80% accuracy at least 6 nonfiction books and have at least 30 AR points to meet 4<sup>th</sup> grade Summit 1<sup>st</sup> trimester expectations. Have your child show you their [AR record online](#) to encourage them to reach this goal.
  - ✓ Students are required to read at least 2 nonfiction books and at least one fiction book a month; as well as, earn 10 AR points a month.
  - ✓ Mrs. Ingle's class is studying *Shiloh* by Phyllis Reynolds Naylor, and Miss Hwang's class is reading *Aurora of the Yukon: A Girl's Adventure in the Klondike Gold Rush* by Keith Halliday.
- **Writing:**
  - ✓ Students are typing out their 5 paragraph cause and effect informational essays on endangered animals. We would like them finished by Nov. 25, so your child will be homework free over the break. However, students can turn them in on Nov. 30 if they need more time.
  - ✓ We began the writing process again, applying new strategies to a new personal narrative.
- **Math**
  - ✓ We continued practice with fractions.
- **Science – Water Unit**
  - ✓ Surface Area: We conducted an experiment to find out if surface area has an effect on the rate of evaporation. We learned that surface area affects evaporation
- **Social Studies:**
  - ✓ Students finished presenting their multicultural games and Veterans Day projects.
