

Meet Mr. Oxner, Odyssey Dean of Students

I was born in Houston, Texas and moved to Everett around the age of two. I grew up in Everett and attended Everett High School. After high school, I went to Washington State University. Go Cougs! As a college summer job, I began working at Camp Patterson as a counselor and eventually became the director. It was this job that made me want to become a teacher. In 2007, I accepted a job in the Mukilteo School District at Odyssey Elementary. I was a 3rd and 4th grade looping teacher before I became the Dean of Students.

In 2012, I received my Master's degree from the University of Washington. I also earned my National Board Certification. My certification is in Literacy: Reading-Language Arts/Early and Middle Childhood.

I met my wife while working at Odyssey Elementary, and we were married in 2012. Although she no longer works at Odyssey Elementary, she is still a third grade teacher in the Mukilteo School District. We are lucky to be able to share our commute to work from our home in Lake Stevens. We just had a little girl named Hadley in May of 2015. We absolutely adore her and love being new parents.

Although I really enjoy working in a school environment and interacting with kids daily, I also have activities that I enjoy outside of the school. I love traveling and exploring new places near and far. I also love all things that have to do with water activities.

I love working at Odyssey Elementary and am excited to have great year!
