

# IMPORTANT INFORMATION ABOUT YOUR CHILD'S PRIVACY RIGHTS

Schools and school districts have the authority to share "directory information" about students to certain people or institutions, such as news media or colleges, unless the parent or guardian opts out of sharing that information. Directory information is defined as a student's first and last name; photographic and electronic images; dates of school attendance; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors, and awards received; and most recent school attended. (Mukilteo School District does not release directory information for commercial purposes.) School districts also provide a list of high school student names to military recruiters and institutions of higher education. Parents and guardians have the right to tell the school district and its schools to keep private any directory information about their student.

**This form is optional.** Complete this form by October 1, **ONLY** if you **DO NOT** want directory information released about your child. If you have more than one student, complete a form for each student to opt out.
